If You Have a Body, You Can Run a Business

Business Guide's New Methods Integrate Intuition with Practical Tools

St. Paul, MN, Oct, 31, 2007 – Business Guide, Rosemary Senjem, founder of Handspun Digital Inc., announces a new workshop for entrepreneurs called *The Intuitive Entrepreneur, Tools for Thriving with Ease*, Thursday, November 15-16, 2007 in St. Paul, MN.

The workshop is specifically for creative people who want to be successful in business. Senjem's methods effectively teach ways to maximize the benefits of intuition, while using basic business principles and tools. These methods stand out because Senjem teaches people to think with their whole bodies and not just with their heads.

"Too many people get stuck or give up because they are missing some basic entrepreneurial principles or lacking some basic business tools. These tools are easily found through play and body wisdom. Ultimately, the Intuitive Entrepreneur is equipped with body wisdom, logic and deep understanding of the economics of every human interaction," said Senjem.

Advanced registrations only. Interested participants can register online at www.intuitiveplan.com/twoday.php or call 612-226-5101. The cost to attend is \$250 and the deadline for registration is November 14.
